Madison, WI 53713-3398

Dear Mr. Griffin:

Please find attached a Joint Funding Agreement (JFA) for continued operation and maintenance of the four streamflow and water-quality monitoring stations on Sixmile and Dorn Creeks and water-quality monitoring for the Yahara River at Fulton as part of the Yahara Watershed Improvement Network (WINS) project. This agreement covers the 5-year period from January 1, 2022 to December 31, 2026.

The amounts for this work total \$77,000 per year by the Madison Metropolitan Sewerage District and \$26,000 per year provided by the USGS. Work performed with funds from this agreement will be conducted on a fixed-price basis. You will be billed quarterly.

If this is acceptable, please sign and return to Will Rivard via email at wrivard@usgs.gov. If you have any questions, please contact Todd Stuntebeck at (608) 235-9505 or tdstunte@usgs.gov.

Sincerely,

John F Walker

Center Director

Fixed Cost Agreement YES[X] NO[]

THIS AGREEMENT is entered into as of the January 1, 2022, by the U.S. GEOLOGICAL SURVEY, Upper Midwest Water Science Center, UNITED STATES DEPARTMENT OF THE INTERIOR, party of the first part, and the Madison Metropolitan Sewerage District party of the second part.

1. The parties hereto agree that subject to the availability of appropriations and in accordance with their respective authorities there shall be maintained in cooperation Water Resource Investigations for continued operation of the four streamflow and water-quality monitoring stations on Sixmile and Dorn Creeks and water quality monitoring for the Yahara River at Fulton, as part of the Yahara Watershed Improvement Network (WINS) project, herein called the program. The USGS legal authority is 43 USC 36C; 43 USC 50, and 43 USC 50b.

2. The following amounts shall be contributed to cover all of the cost of the necessary field and analytical work directly related to this program. 2(b) include In-Kind-Services in the amount of \$0.00

- (a) \$130,000 by the party of the first part during the period January 1, 2022 to December 31, 2026
- (b) \$385,000 by the party of the second part during the period January 1, 2022 to December 31, 2026
- (c) Contributions are provided by the party of the first part through other USGS regional or national programs, in the amount of: \$0

Description of the USGS regional/national program:

- (d) Additional or reduced amounts by each party during the above period or succeeding periods as may be determined by mutual agreement and set forth in an exchange of letters between the parties.
- (e) The performance period may be changed by mutual agreement and set forth in an exchange of letters between the parties.

3. The costs of this program may be paid by either party in conformity with the laws and regulations respectively governing each party.

4. The field and analytical work pertaining to this program shall be under the direction of or subject to periodic review by an authorized representative of the party of the first part.

5. The areas to be included in the program shall be determined by mutual agreement between the parties hereto or their authorized representatives. The methods employed in the field and office shall be those adopted by the party of the first part to insure the required standards of accuracy subject to modification by mutual agreement.

6. During the course of this program, all field and analytical work of either party pertaining to this program shall be open to the inspection of the other party, and if the work is not being carried on in a mutually satisfactory manner, either party may terminate this agreement upon 60 days written notice to the other party.

7. The original records resulting from this program will be deposited in the office of origin of those records. Upon request, copies of the original records will be provided to the office of the other party.

8. The maps, records or reports resulting from this program shall be made available to the public as promptly as possible. The maps, records or reports normally will be published by the party of the first part. However, the party of the second part reserves the right to publish the results of this program, and if already published by the party of the first part shall, upon request, be furnished by the party of the first part, at cost, impressions suitable for purposes of reproduction similar to that for which the original copy was prepared. The maps, records or reports published by either party shall contain a statement of the cooperative relations between the parties. The Parties acknowledge that scientific information and data developed as a result of the Scope of Work (SOW) are subject to applicable USGS review, approval, and release requirements, which are available on the USGS Fundamental Science Practices website (<https://www.usgs.gov/about/organization/science-support/science-quality-and-integrity/fundamental-science-practices>).
